

Do you own your data? Or does your data own you?

Today, your personal information is controlled by a handful of large corporations outside of Europe. Their goal is profit, not your privacy or well-being. The people providing the data have little to no democratic say over how it's managed or secured and how it is used for AI Training.

It's time for a change.

OUR DATA, OUR RULES.

ai

Let's take back control. Together.

The European Data Cooperative (EuDG) is a new approach. We are building digital infrastructure that is owned and democratically controlled by its members—by people like you.

The EuDG is built on simple principles:

Member-Owned: The infrastructure belongs to all of us.

Democratic Control: One member, one vote.

Privacy by Design: Your data is yours alone.
